5 Minute Walk Zone

School council plotted a '5 minute walk zone' around school. They walked for 5 minutes in four different direction reading the map carefully to plot where they were.

They are hoping that parents will choose to park outside the walk zone (red circle) and then walk to school. This will reduce congestion and emissions around school.

When we said "but parents are very busy in a morning" the children replied "but it's only 5 minutes!"
