

# Stannington Infant School

## Remote & Home Learning 2020 – 21

At Stannington Infant School we recognise the fact that parents are the children's 'first educators' and we acknowledge the vital role that parents and families play in a child's learning. Learning at home is an essential part of good education and impacts directly on your child's outcomes and sense of achievement, both in school and at home. We are keen for parents to engage in weekly home learning with their child as this motivates and supports children's learning.

# If your child is in school ....

Listen to your child read as often as possible (minimum 3 times per week)

Complete the weekly Maths facts learning on Google Classroom

Complete the weekly spellings on Google Classroom

Complete the learning on Tapestry (EYFS)

In addition, you can practise handwriting, learn how to spell high frequency words, or learn phonic sounds. All the information you need is on the school website. Also look at the curriculum pages for power points on how to teach spelling and handwriting and to see our calculation policy.

**See also the links to online learning sites in this document.**

## **If your child is isolating... If the class is required to self-isolate....**

If your child needs to isolate but is well enough to complete learning a pack of home learning will be emailed or posted to you.

Online learning will be provided via Google classroom.

Families have been sent details of how to use this as weekly home learning is posted on here.

We will provide approximately 2½ hours' work each day, consisting of:

- Daily literacy learning (Google classroom)
- Daily maths learning (Google classroom)
- Daily phonics learning (Google classroom)
- Reading daily (Rising stars online library)
- 2-3 theme sessions over the week (History, Science, Geography, PSHE and RE)
- Daily Physical challenges (Google classroom)
- Stories to listen to (School website / Google classroom)

We will upload the daily learning every day for it to be completed by the end of each day, this is because each day's learning builds upon the previous day.

# Here are some useful links to support home learning:-

**Oak Academy** <https://www.thenational.academy/>

Free National initiative featuring information for parents and video lesson recoded by teachers

**White Rose Maths** <https://whiterosemaths.com/homelearning/>

Free daily 'home learning' lessons for Years 1-9. Every lesson comes with a short video showing you clearly and simply how to help your child complete the activity successfully

**\*Rising Stars online reading library** <https://my.risingstars-uk.com/>

The online reading library, with books assigned to your child's current reading book band colour. Each child has been sent home with a login and password to access their account. Please use the username and password you have been given to access your child's account. The school's centre ID number is 249689

**\*Spelling Shed** <https://www.edshed.com/en-gb/login>

This online game will offer children a fun way to practise the weekly spellings that are set by the class teacher and earn rewards that they can use to update their own avatar on the web page.

**\*PurpleMash** <https://www.purplemash.com/login/>

Purple Mash is a cross-curricular website for primary school children. It enables children to explore and enhance their knowledge in a fun and creative way

**Twinkl Home Learning hub** <https://www.twinkl.co.uk/home-learning-hub>

Free, daily home learning activities - this includes crafts, lessons, games, puzzles and more, all designed by Twinkl's qualified teachers

**BBC Bitesize** <https://www.bbc.co.uk/bitesize>

lessons full of videos, quizzes and practice activities to help you with home learning.

**Oxford Owl** <https://home.oxfordowl.co.uk/>

A range of tablet friendly ebooks arranged in book bands.

**\*Real PE** <https://home.jasmineactive.com/>

A range of physical challenges for home with demonstration videos and ideas to add more challenge.

**Go Noodle** <https://www.gonoodle.com/>

Games, dance routines and challenges

**Hungry Little Minds** <https://hungrylittleminds.campaign.gov.uk/>

Simple and fun activities for children (from newborn to age five) as well as useful links to other sites

\*these sites require password which have been sent to parents/ carers. Please contact school if you require assistance. (NB Real PE passwords to follow)

All of the above can be used at any time to support and enhance your child's learning at home.

*All links are offered in good faith and are correct at time of writing. Please inform us if any information is incorrect. Thank you*
