

Key Question

What impact have Charles Darwin and David Attenborough had on our world?

Mathematical Understanding

Fractions - We will be applying our division skills to help us find halves, thirds and quarters of shapes and amounts.

Time - We will be learning how to tell the time to the nearest 15 minutes and some of us to the nearest 5 minutes. We will be learning about periods of time as well.

Capacity - We will be learning about capacity and what a litre and millilitre are.

Position and Direction - We will be learning about turns and how they can be clockwise and anti-clockwise direction.

Understanding the arts

Music - We are learning to play the Ukulele with Paul. We are getting better and better each week. We can now play two chords - we hope to learn how to play more!

Art - As part of Forest School we will be learning to use clay. We will be learning about the following artists as inspirations for our final pieces:

Barbara Hepworth, Andy Goldsworthy and Marc Pouyet

Understanding English, Communication and Languages

During the first half term we will be reading *The Proudest Blue* and our writing will be linked to this book.

Character descriptions - Who are Asiya and Faizah? We will be writing a description all about them so it is almost as if you know them!

Narrative - What makes you proud? We will be retelling the story from Asiya or Faizah's point of view.

Non Chronological reports - Do you know which animals live on the Galapagos Islands? We do and will tell you all about them!

Science and Technological Understanding

Science - As well as learning about plants and how they grow we will be learning about living things and their habitats. Most of our science learning will be done through Forest Schools.

D.T. - Do you know the difference between a fixed and rotational axle? We will be finding out by using one when we design and make a sustainable bus for the future.

ICT - We will learn how to stay safe online. How do you organise data so you can answer a question? We will be learning how to use a branching programme.

Summer Term 2021 Our Changing World

Religious Education

We are looking at the idea of **BELIEF**. What is it to believe? How do individuals show their beliefs? What is **PRAYER**? Why do we pray? How is prayer the same or different in the Christian, Jewish or Muslim faiths?

Enrichment

We will be going swimming this term as well as enjoying our Forest School learning. We hope we will be able to take part on some transition with Nook Lane too.

Historical, Geographical and Social Understanding

Geography - Which continents make up our world? Can you name them all and all of the oceans? Why is it hot in some places and cold in others? Are human and physical features the same in different parts of the world? How is the U.K different to Kenya?

History - Who are Charles Darwin and David Attenborough? What do they have in common and what impact have they had on the world we live in? What happened their lives to make them important people to us today?

Social Understanding - What is sustainability? What does it look like in Stannington? What is conservation and how can we support it in school and our local area?

Understanding Physical Development, Health and Wellbeing

PE - We will be working on balancing skills this half term. Can you maintain a balance along a line without wobbling? Try it! Remember- minimum wobble. We will be developing our throwing and catching skills too.

Health and Wellbeing - We will be thinking about relationships that are important to us. We will also be learning about different parts of our bodies and what they are called.
