In accordance with the GDPR, the school does not store personal data indefinitely; data is only stored for as long as is necessary to complete the task for which it was originally collected.

Will my information be shared?

The school is required to share pupils' data with the DfE on a statutory basis, this includes the following:

- Name, date of birth and ethnicity
- Unique Pupil Number
- Assessment information
- SEND

The National Pupil Database (NPD) is managed by the DfE and contains information about pupils in schools in England. Stannington Infant School is required by law to provide information about our pupils to the DfE as part of statutory data collections, such as the school census; some of this information is then stored in the NPD. The DfE may share information about our pupils from the NDP with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of any data shared from the NDP is maintained.

Stannington Infant School will not share your personal information with any third parties without your consent, unless the law allows us to do so. The school routinely shares pupils' information with:

- Pupils' destinations upon leaving the school
- The LA and its services
- Peak Edge Multi Academy Trust
- The NHS
- Social Care

The information that we share with these parties can include the following:

- Name, address, date of birth, gender
- Assessment information for school transfers
- SEND information where necessary for transition
- Medical Information where necessary
- Parent/Carer details

Parents are able to request that only their child's name, address and date of birth are passed to the LA or by informing Mrs Sarah Binns, Headteacher via email or letter. Once pupils reach 16 years of age, this right is transferred to them, rather than their parents.
