The National Sleep Helpline 03303 530 541

The National Sleep Helpline helps anyone with sleep issues including adults, parents and young people. The helpline is available from 7pm and 9pm, Sunday to Thursday on 03303 530 541.

Poor sleep can affect anyone and it can be a major stress for parents whose own sleep can be impaired by their children's difficulties getting to sleep, staying asleep or staying in their own bed, leading to greater stress.

Having a sleep issue is surprisingly common. At any given time this affects up to 40% of adults and 50% of children (this rises to 80% with a SEND diagnosis). These problems are typically persistent and do not resolve themselves without intervention.

Week commencing 13th November as part of PE lessons and during break times we are focusing on skipping. Look out for the photos to follow on the school website. It would be great if your child could practice at home as well.
