

## MATHS Long Term Plan Year 1 2026/27

|        | Week 1              | Week 2        | Week 3           | Week 4                            | Week 5 | Week 6 | Week 7 | Week 8    | Week 9                           | Week 10        | Week 11 | Week 12                 | Week 13 | Week 14 | Week 15       |
|--------|---------------------|---------------|------------------|-----------------------------------|--------|--------|--------|-----------|----------------------------------|----------------|---------|-------------------------|---------|---------|---------------|
| Autumn | Initial assessments | NPV within 10 |                  |                                   |        |        |        | G Shape   | AS within 10                     |                |         |                         |         |         | consolidation |
| Spring | NPV within 20       |               |                  | AS within 20                      |        |        |        |           | NPV within 50                    |                |         |                         |         |         |               |
| Summer | Length / Height     | Mass/ Weight  | Capacity/ Volume | MD<br>Multiplication and Division |        |        |        | Fractions | Other:<br>Position/<br>Direction | NPV within 100 |         | Other<br>Money and Time |         |         |               |

### NCETM Units

Number and place value

Number facts

Addition and subtraction

Geometry

Other (Position and Direction, Time)

**Not covered in Y1 NCETM –** Multiplication and division, Fractions, Money, Capacity/Volume, Mass/Weight, Length and height

### Ready to progress Spines

Spine 1- Number, addition and subtraction- **main coverage for Y1**

Spine 2- Multiplication and division

Spine 3- Fractions
